Huanglong Scenic Area

Terraces unfold along the mountainside, where water flows over stone and settles quietly through time.

The colors are never loud, yet enough to make you stop and stay awhile.

At over 3,000 meters above sea level, the landscapes feel closer to the sky

A Letter from 2290 Travel

This journey Jiuzhai Valley
is not about rushing toward a destination,
but a **reimagined** wander through the mountains.

No rushing.
Instead, a gradual immersion into the true rhythm of Jiuzhai.
Every stop along the way, every hidden corner explored,
every slow step through the wilderness,
becomes part of the journey itself.

Once inside Jiuzhai, we leave the crowds behind
and linger only where the scenery is worth staying for.

We step further into Zhongcha Valley,
where forests, mountain villages, and local life reveal that
Jiuzhai is far more than Jiuzhai Valley.

Beyond the landscapes,
there is the texture of untouched wilderness
and the warmth of Tibetan life.
This is not simply about seeing the scenery,
but **truly stepping into Jiuzhai.**

Thoughtfully selected stays,

where the journey itself
becomes part of the retreat

More than the Jiuzhai
you imagined

Jiuzhai Valley

Huanglong

Mianyang

Chengdu

Qionglai

From landscapes to local culture,
from arrival to immersion,
this is not an ordinary journey,
but a **reimagining of aesthetics, experience,**
and the art of travel itself

Travel light, and save your
energy for the landscapes
