Step into a living scroll — Puyuan is Jiangnan, reimagined

99% of China's ancient towns look alike — Puyuan is the rebellious 1%.

While most ancient towns imitate the past, Puyuan dares to host Fashion Week on centuries-old streets. —It's not that it isn't traditional — it just refuses to be predictable—

Every corner offers a new view, every step a fresh surprise

Wander freely through the ancient town, or retreat into quiet meditation at the hotel
